Professional Experience

Desktop Support Technician | Infios | Indianapolis, IN **February 2024 -- February 2026**

- Provided Tier 2 desktop support for more than 1,000 corporate and development users in a high-demand internal IT environment.
- Resolved hardware, software, account access, MFA, and endpoint issues while maintaining an 85% customer satisfaction rating.
- Managed user onboarding and offboarding activities, including account provisioning, access changes, device enrollment, and policy assignment through Entra ID and Microsoft Intune.
- Supported zero-touch deployment and endpoint configuration for 50+ devices per month, helping users get productive quickly and securely.
- Diagnosed and resolved desktop, network connectivity, and access issues, contributing to a 30% reduction in average resolution time.
- Created and maintained knowledge base articles and internal documentation that improved ticket deflection and enabled faster issue resolution by Tier 1 support.

Systems Configuration Engineer | Ryder System, Inc. | Indianapolis, IN **March 2023 -- February 2024**

- Configured and prepared HPE servers, Dell workstations, and related hardware for client delivery based on customer and organizational standards.

- Performed system setup, operating system preparation, quality assurance testing, and troubleshooting to ensure devices were fully functional before deployment.
- Supported configuration of Windows Server environments and endpoint devices for client use cases across multiple industries.
- Identified and resolved hardware, driver, and system issues during staging to reduce deployment delays and improve delivery readiness.
- Worked with logistics and technical teams to support large-scale device provisioning and infrastructure preparation for client environments.

Desktop Support Technician | Sondhi Solutions | Indianapolis, IN November 2022 -- March 2023

- Delivered Tier 1 and Tier 2 support for municipal clients, including Fire, Police, and Mayor's Office environments.
- Resolved 20+ daily incidents involving desktops, laptops, VPN access, Microsoft 365, malware, and user connectivity issues.
- Achieved an 80% first-call resolution rate by providing timely troubleshooting and clear communication with end users.
- Provisioned and deployed desktops and laptops for public safety and government users in high-priority environments.
- Used remote support and RMM tools to perform diagnostics, reduce on-site visits, and improve response efficiency.
- Maintained a 95% SLA compliance rate for incident handling and resolution.

Desktop Support Technician | Orange Bench, Inc. | Indianapolis, IN July 2022 -- November 2022

- Provided Tier 1 and Tier 2 support for small and mid-sized business clients in an MSP environment.
- Resolved 10+ daily user issues related to hardware, software, account access, and Microsoft 365 support.
- Deployed and configured Windows and Mac devices for over 100 users, including standard applications and business tools.
- Supported onboarding and offboarding tasks, including account creation, access updates, and device preparation.
- Administered Azure AD / Microsoft Entra ID tasks such as user account management, group updates, and device enrollment.
- Maintained accurate asset inventory records to improve hardware accountability and refresh planning.

Education

High School Diploma | North Miami Senior High School | Miami, FL
